

ThePurchasingDept™, LLC has negotiated a master agreement with US Connect Telecom for *bundled telecommunication needs*. ThePurchasingDept™ members now have access to ‘best practice’ purchasing in this category.

Whether you have one office or many across the country, US Connect can handle all of your telecom service and support needs. We design, install and service voice, data and network systems specifically to meet your business needs. We have access to all of the industry’s major telecom carriers and telephone system manufacturers. By bundling your services with US Connect, ThePurchasingDept™ members obtain better products and services for less money.

### **1. Average anticipated service contract savings per member of 25-35%**

- Free, no obligation consultation.
- Free review of current member contracts to make sure current providers are charging correctly. US Connect will work to obtain credits when necessary.
- Pre-negotiated discount pricing. Where applicable, we offer 3 year pricing on a 2 year contract.
- Provide a thorough recommendation listing the pros and cons of various service providers.
- “Downturn” clause on every contract protects members from liability if their needs change.

### **2. US Connect offers a wide variety of phone systems, from traditional to cutting edge IP systems.**

- Complete installation and on-site employee training.
- Live technical support.
- Authorized Enterprise Business Partner with Avaya, Inter-Tel, Nortel, NEC, Siemens, Cisco and Toshiba.

### **3. US Connect offers complete data and cabling installation as well as custom sound and paging systems.**

- Copper Systems, Cat 5e to Category 6.
- Fiber optic.
- Circuit extension.
- Server room and computer room build-outs.
- Overhead, Office Speaker, Sound and White Noise Systems.
- Switches and Routers.
